EXPERIENCE

TheoryY — Remote — May 2026 – Present
Co-Founder & Operations Officer — four-person founding team

- Coordinate team operations via GitHub Projects shared roadmaps, action plans, and task tracking.
- Developed AI workflow plugin to aid productivity and quality control.
- Sold and delivered an investment memo tool to a business client on a paid contract, June 2026.
- The tool writes a seven-section investment report on any public company from live data: market prices from Yahoo Finance, economic data from the Federal Reserve, filings from the SEC.
- The AI writes the memo only from that data. An independent agent council reviews every number in the report against its source before the client sees it, so no figure is hallucinated by AI.
- Built the next version: fetch financial data and value company via DCF and other financial models. Bull, bear, and synthesis agents write the report from the calculated numbers.

JDW Center — Valencia, Venezuela — Summer 2025; May – Aug 2026
Operations & Systems Intern — family-owned tyre distribution group with several subsidiaries

- Planned the group's move to an ERP system with the COO: inventory, receivables, sales commissions and invoicing, plus Venezuela VAT and foreign-currency compliance.
- Arranged migration process with the accounting office and warehouse staff.
- Rebuilt Excel inventory-tracking system for a warehouse from broken mainframe records; in use since July 2026.
- Built a tool that automates the vehicle import paperwork processing for a subsidiary; in use since June 2026.
- Covered stock receiving and invoicing during employee absences.

Tuxie's Wiki — Remote — May 2024 – Present
Project Manager & Lead Developer

- Lead a volunteer-written guide site with 30+ articles: coordinate contributors and maintain project roadmap.

LEADERSHIP

Boston University Discord Community — Remote — Dec 2024 – Nov 2025
Co-Founder & Lead Administrator

- Built and ran an online community of 650+ first-year students; hosted an orientation with three alumni speakers.

Environmental Club, Colegio Internacional de Carabobo — Valencia, Venezuela — 2022 – 2025
Vice President of Services

- Led a team of eight for three years: six tons of paper recycled; school nature trail rebuilt as a shared space.
